

50 Per Cent Better

"I have used less than one bottle of Cardui," writes Mrs. Gertrude Ward, of Rushville, Neb., "and am feeling fifty per cent better than when I began taking it."

"Before taking Cardui, I had suffered with female trouble, for eight years. My greatest trouble was irregularity. I also suffered with severe pains, every month, but now I am greatly improved and will recommend Cardui to all my suffering friends."

Take CARDUI

J 48

The Woman's Tonic

The rare medicinal herbs of Cardui are imported by the manufacturers direct from Europe and are not to be found in any other medicine.

These ingredients are what give Cardui its superiority, as a female medicine and tonic, over any other medicine.

For over 50 years Cardui has been the favorite woman's medicine. The ladies like it, because it is so easy to take, so gentle, so safe, so reliable in its results, and they have faith in its curative tonic powers, because of the thousands of other ladies it has helped. Try it today.

Appellate Court Opinion.

I. C. R. R. Co. vs. Nelson, etc.—Filed April 29 1910.—(Not to be reported.) Appeal from Christian Circuit Court. Opinion of the court by Judge Settle, affirming.

First—Lands, Injury To by Overflow of Surface Water—Railroads—Construction of Spur—Use of Map of Appellant's Engineer.—In this action for damages to appellee's land resulting from the overflow of surface water caused by the construc-

tion of a spur by appellant, the use of a map by appellee on the trial which was left by mistake with its counsel by appellant's engineer, in an effort at a compromise, cannot be complained of, for the jury in charge of the Sheriff inspected the land before returning the verdict, and in this way obtained an ocular demonstration of the situation and the extent to which the land was damaged.

Second—Same—Ownership of Land—Peremptory Instruction.—Appellants contention that its mo-

tion for a peremptory instruction should have prevailed for the reason that appellee did not show title to the land, is without merit. Under the evidence the title cannot be questioned.

Defending His Home.

Frankfort, Ky., May 13.—Gov. Willson today pardoned C. C. Jones, of Caldwell county, before trial, on a charge of drawing a gun. The Governor says Jones was "only defending his home, what he should have done." Judge W. L. Crumbaugh, of Lyon county, urged the pardon.

He was threatened, it is alleged, by night riders, and menaced certain persons with a gun, which the Governor says he had a perfect right to do.

TO ADJOURN FRIDAY.

Board Of Equalization To Hand in Report.

Frankfort, Ky., May 16.—Judge Garner, of the State Board of Equalization, says the board will make its final report a week from today. Only Jefferson, Campbell and Fayette are in question. The raises generally will not be as drastic as the preliminary action of the board indicated.

Eye Put Out.

Princeton, Ky., May 16.—Jack Chambers, engineer at the Princeton ice plant, was badly scalded by the steam valve blowing out. His right eye was put out and the left seriously injured besides being badly scalded by steam and boiling water.

COMFORTING WORDS.

Many a Hopkinsville Household will Find Them so.

To have the pains and aches of a back removed; to be entirely free from annoying, dangerous urinary disorders is enough to make any kidney sufferer grateful. To tell how this great change can be brought about will prove comforting words to hundreds of Hopkinsville readers.

Leslie K. Hickman, Arch St., Madisonville, Ky., says: "I do not hesitate to recommend Doan's Kidney Pills as a remedy that lives up to the claims made for it. I tested their merit about three months ago and the result could not have been more satisfactory. I had a pain in the small of my back directly over my kidneys, which caused me considerable annoyance and stooping or lifting caused sharp twinges to dart through me. I at length read about Doan's Kidney Pills being good for such troubles and procured a supply. I noticed a decided improvement after using the first box and continued taking the remedy until I was completely cured. I have every confidence in Doan's Kidney Pills and cheerfully give them my recommendation."

Mr. and Mrs. Fred R. Dryer will leave today for Oklahoma City, to visit their daughter, Miss Carrie Dryer.

WESTERN UNION

Defendant in Suit For \$2,000 Damages.

The Western Union Telegraph and Cable company is made defendant in a suit brought here by Mrs. Allie Word, the damages asked being \$2,000.

Plaintiff states that on Dec. 11 last, her father, James H. Brickhouse, died in Anniston, Ala., and her brother filed a message informing her of the fact, but that the message was not delivered, although the instructions for transmission of same were given clearly and plainly. The plaintiff lives on Route 2 out of this city and there is also a telephone line passing the residence. She alleges that the price charged by the company was, paid, it agreeing at the time to deliver the message to plaintiff. She charges further that negligence in failing to deliver the message prevented her from seeing her father after death and that she, as consequence, suffered great mental anguish, pain and sorrow.

\$1,000 REWARD

The above sum will be paid for the arrest and conviction of each person who maliciously caused the wreck of Illinois Central train No. 2, engine No. 12, near mile post 724, about five miles north of Jackson, Mississippi, 12:45 a. m. April 8th, 1910.

This offer is made upon the finding of the board of inquiry, charged with ascertaining the cause of the wreck, that it was due to criminal acts.

ANNUAL MEETING CAME TO CLOSE

Sunday Night After a Most Interesting Three Days' Session.

NEXT MEETING CROFTON

Election of Officers Held Saturday—Re election in Every Case.

The Universalist convention closed Sunday night, after a session of three days. Rev. L. B. Fisher, D. D., L. L. D., of Illinois, preached the closing sermon to a large audience. The attendance throughout the convention was good and the meeting was probably the best ever held in this city by the church.

Crofton was selected as the place for holding the next semi-annual convention in October.

Officers were re-elected as follows: Rev. C. W. Hillstren, president of the convention; W. T. Davis, vice-president; Miss Maggie Clark, secretary, and Miss Vida Barnett, of Madisonville, treasurer.

The old trustees of the convention were re-elected: Dr. Walter Long, of Madisonville, and Josh Teague, of Morton's Gap, being among the number.

Rev. Hillstren was also chosen superintendent of the churches.

During the convention the church choir was assisted by the McLean quartette, excellent music being a feature of the meeting.

FARMER OWNS NATION.

Crop Values Show Money Kings Are Not in Possession.

The farmer, not the money king of Wall street, is the real owner of the United States. This is the opinion of Isaac F. Marcossan expressed in Munsey's. The glean of his fields is another Aladdin story, continues Mr. Marcossan, only instead of rubbing a lamp he has simply scraped the ground.

Our cereal crops last year were worth \$3,000,000,000, which is sufficient to pay for all the tools, implements and machinery of the whole of American industry. While this sum seems huge as it stands alone, you have only to go back a few years in the story of our agriculture to see the miracle of steady increase that has been achieved. Eleven years ago the value of all our farm products for a single year was reckoned at \$4,417,000,000. You have already seen how that figure was doubled by 1900. During these years the sum total that the soil has yielded the farmers is \$70,000,000,000. The advance is so steady and sure that you can almost calculate upon it year by year.

Compare this record with the ebb and flow of earnings in steel or any other industry, and you will realize as never before how agriculture keeps the even tenor of its prosperous way, unmindful of panic or depression. Why? Simply because land is stable, and, given proper methods of farming, the more you take out of it the more valuable it becomes. It cannot be moved away; it is, in truth, the very foundation of the nation's material welfare. It would take \$24,000,000,000 to buy our farm lands, and their value is real and not watered, save by irrigation.

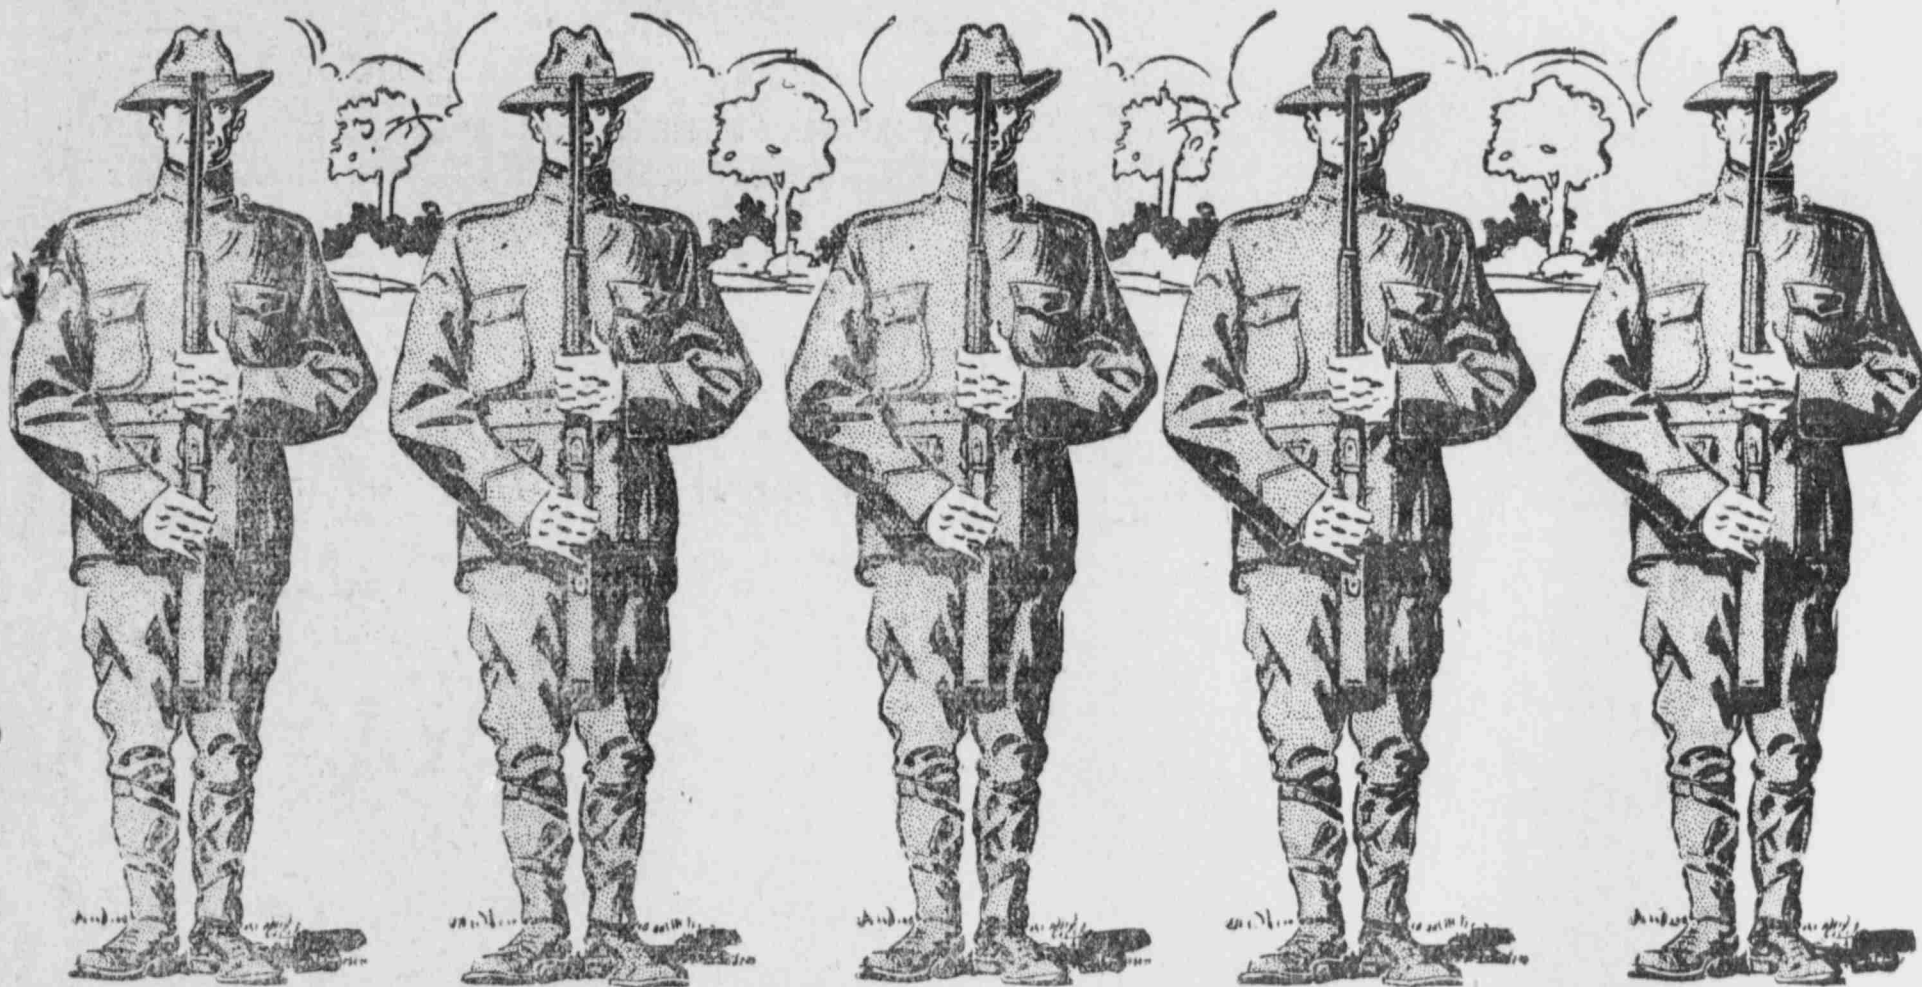

The laziest man in the world is the one who won't take the trouble to smile.

Vaudeville Show Closed.

Mr. Coffey announces that he will close the show this week in the interest of the carnival given by the Modern Woodmen of America. The show will open at 2:30 p. m. Saturday afternoon, and will run Saturday night. Mr. Coffey has secured the 2,000-foot film showing Roosevelt's hunting trip through Africa.

Things That Make Up Life. Opportunities are the fuel of life, ability is the match which kindles it, and will power is the fan which keeps the flames alive.

Excusable Resentment. "It's really provoking," said the fond mother, "baby always cries when we have company." "Well," answered Mr. Groucher, "you can't blame children for disliking company. If it weren't for visitors they wouldn't have to recite or play pieces on the piano."
